
Episodes of Care Products

FAIR Health is the only independent nonprofit certified and licensed by the Altarum Institute to operate its PROMETHEUS Payment® model of the services that compose each episode. FAIR Health offers two episodes of care products:

- FH Episodes of Care Analytics™—processes three years of the licensee's claims data to construct risk-adjusted episodes of care and produce actionable analytics
- FH Episodes of Care Benchmarks—offers market-specific benchmark charges and allowed costs for the full range of procedures related to defined episodes, adjusted for different levels of risk

Relied on across the Healthcare Sector

- FAIR Health's data products are widely used by commercial insurers and self-insurers, employers, hospitals and healthcare systems, government agencies, consumers, policy makers, researchers and others
- FAIR Health data are referenced in statutes and regulations around the country and have been designated as the official source of cost information for a variety of state health programs

Organizational Structure

- Nonprofit, 501(c)(3) corporation
- Independent, uncompensated Board of Directors made up of recognized healthcare sector leaders with experience in law, consumer advocacy, medicine, education, insurance, management, research and government

Consumer Resources

- FAIR Health's free, award-winning consumer website at fairhealthconsumer.org and consumidor.fairhealth.org and English/Spanish mobile app enable consumers to:
 - Estimate local medical and dental costs and plan treatment
 - Learn how to navigate the health insurance reimbursement system

Independent. Secure. Comprehensive.

CMS has certified FAIR Health as a Qualified Entity—one of only four organizations in the country eligible to receive all Medicare Parts A, B and D claims for all 50 states and Washington, DC. FAIR Health earned HITRUST CSF Certified Status by meeting key healthcare regulations and requirements for protecting and securing sensitive private healthcare information. In recognition of its data security policies and practices, FAIR Health also received Service Organization Controls (SOC 2) certification, demonstrating compliance with the guidelines of the American Institute of Certified Public Accountants (AICPA).
